Early Christmas Deadline And Delivery Coming Up

With the Christmas Holiday falling on Friday this year, we have made a decision to move our delivery and deadline dates up a day earlier this year. So, the Pointer will come out and be delivered on Thursday, December 24th Christmas Eve instead of on Friday, Christmas Day.

In order to accommodate for the early delivery we will need to move our deadlines for that week up to Monday night for our writers and contributors to send in their written submissions, and Tuesday at noon for our advertisers to place an ad.

For the following week (which will be New Year’s Day) we have decided to keep the regular schedule of delivery on Friday, January 1st.

We wish everyone a very Merry Christmas and a Happy and Healthy New Year!
Packages 4 The Troops Ship Out!

By the time you read this article, the VFW Post 8540 Packages 4 the Troops will have arrived in the Middle East.

A week ago Thursday, Bill Hayes, Peter Martino, Charlie “Good Guy Canon”, Tim Butler and myself went to BJ’s where we purchased thousands of dollars of candy, cookies & comfort items. We were also accompanied by Richie Cannnon, his son & daughter thus having three generations of Cannons helping in this patriotic venture.

Santa and Mrs. Claus With Col. Tom Sullivan and friend at the Dee’s Nursery Ship Out.

John Molloy had volunteered the use of his truck to aid in the transport of the goods to the Colony along with the Point Breeze Fire Department who have assisted us in this project for many years.

The items were stacked and staged along with two thousand dollars worth of coffee & tobacco products for the Wrap & Pack that was conducted later that night at the Colony. Theresa Flanigan not only brought her husband Mike along but also approximately 100 Christmas stockings that were stuffed with goodies by the children in the Breezy-Roxbury Community. As usual handmade Christmas greeting cards were included by the students from the Little Tots Red Wagon School, St. Francis de Sales Academy & the students from Tracy Keane & Nicole Crowley’s school PS 377Q.

(Continued on Page 11)
Thanksgiving Spread Scapegoat

So after weeks of telling us not to have Thanksgiving gatherings because of an expected surge in COVID 19 cases, and now seeing said surge play out, our Governor Andrew Cuomo has set his sights on a scapegoat, the restaurant industry.

In an effort to get hospitalizations due to the virus under control, as early as today, but most likely by this coming Monday, indoor dining will be prohibited in New York City restaurants, and New York State restaurants outside of the City will see their capacity’s lowered from 50% to 25%. Why you may ask? Well, King Cuomo says he is following CDC guidelines that say indoor dining is a major spreader of the COVID virus. That’s right the agency that earlier in the year flip flopped on whether facial masks and coverings work or don’t work to slow the spread of the virus, has now said that indoor dining is the biggest risk in the spread of the virus. Um, before we put the final nail in the coffin of our Governor Andrew Cuomo has set his sights on a scapegoat, the restaurant industry; use your “scientific” facts and then make a determination and decision that is not arbitrary or capricious for once.

You know the “science” that says that kids are not major spreaders of the virus, and should all be in their schools, but for some reason only those public school children 5th grade and below are allowed to attend. How about we get to see the “science” collected by the multi-million-dollar Contact Tracing Corps? If this initiative, that was so important to the re-opening of indoor dining, shows that restaurants are indeed the spreader, then by all means close them down. Or better yet, shouldn’t we be able to tell which restaurants, are the major spreaders? Maybe just close them down until they improve their operations? The information is out there, please collect it and disseminate it before putting a whole industry’s worth of people out of work and out of business.

Maybe if we utilize the costly and up to this point mostly unused Contact Tracing Corps we can see if some other high risk businesses like gyms, salons and personal care businesses have some culpability in the spread, or maybe it is public transportation like packed busses, trains and ferries, or maybe it is supermarkets that can have triple the attendance at one time than a house of worship that is to blame? Who knows? NO ONE DOES! And especially King Cuomo.

To target one industry as the major spreader, without any evidence in my opinion is beyond wrong and quite possibly criminal. Just before Christmas to put thousands upon thousands of people out of work and quite possibly out of business for good, cannot be allowed to stand. I know you are looking for a scapegoat Mr. Cuomo, but don’t dump the second wave of the COVID pandemic at the feet of the restaurant industry; use your “scientific” facts and then make a determination and decision that is not arbitrary or capricious for once.

Tree Lighting
(Continued from Page 1)

Tree Lighting virtually. Chairman of the Board of Directors of the Coopera-
tive, Jay Tully started off by wel-
comeing everyone to the first annual
(and hopefully last) virtual Christmas
Tree Lighting. He explained that
due to NYS and NYC regulations
the ceremony had to have to be held
virtually this year, and that he and his
fellow board members, along with
the Cooperative staff wish everyone
a very Merry and safe Christmas and
holiday season.

Mr. Tully then handed over the
microphone to VFW Post 8540 Com-
derator Kevin McCann who recited
the Pledge of Allegiance. Following
Pole Display held its annual light-
ing event, though without the usual
entertainment, crowds, and carnival
like atmosphere that in years past
raised vast amounts of money for
Juvenile Diabetes.

After the lighting, Cooperative
Event Planner Theresa Flanagan with
the help of Santa Claus and his spe-
cial reindeer and the Public Safety
Department held a drive by Santa
meet and greet, which was expertly
photographed by Kathy McLaughlin
of McLaughlin Photography.

On Saturday evening, December
5th Mr. Joe Muré’s Little North
Pole Display held its annual light-
ing event, though without the usual
entertainment, crowds, and carnival
like atmosphere that in years past
raised vast amounts of money for
JDRF (Juvenile Diabetes Research
Foundation). In order to keep within
the State’s large gathering guidelines
and keep everyone as safe as can
be, it was for the most part a private
socially distanced lighting for the
many volunteers who have been
working on the setup of the display
for the past month. On hand to push
the light up button for the Muré’s
and their volunteers were two very
special youngsters, Jenna a 6-year
hold heart patient and Giuseppe a
teenager recently diagnosed with
Juvenile Diabetes.

Though the normal Little North
Pole Extravaganza couldn’t take
place this year, organizer Joe Muré
has repeatedly said “Corona can’t
stop Santa Claus”. To that end, he
and his volunteers will be conducting
a special drive by Santa Claus meet
and greet event this coming Saturday
night (Dec. 12th) beginning at 5pm.
Santa will be on hand to greet the
children with a special treat and to
accept their letters from them. As an
added bonus the children can listen
to the Christmas music being played
at The Little North Pole on FM radio
station 88.7 while they wait in the car
parade line.

See Page 16 for additional pic-
tures.

Whispering Breezes
(Continued from Page 5)

We send our sincere condolences
to the family and many friends of
Kathleen Joyce who passed away
on December 3rd. Kathleen was an
outstanding fun woman who loved her
family and friends dearly, she will be
sorely missed by everyone that knew
her. May she rest in Peace.

We also send condolences to the
family of Terence “Terry” Harvey
who recently passed away as well in
Florida. Terry a longtime resident of
Breezy Point will be sorely missed as
well. May he too rest in peace.

Thirty

Someone Asked Me, “Hey, what-
ever happened to that guy that wrote,
“Someone Asked Me”? Well, it’s a
looooonng story and I’ll start writing
it now that I’m able, am still in the
Hospital after 136 days, but am anx-
ious to be back to Breezy to go see
my son’s trains at the house. Look
for a real column next week.
Say a prayer.
Eighty-four years ago day, after ruling for less than a year, Edward VIII became the first English monarch to voluntarily abdicate the throne. He chose to give up the throne after the British government, the public and the Church of England condemned his decision to marry an American divorcée.

On the evening of December 11, he gave a radio address in which he explained, “I have found it impossible to carry on the heavy burden of responsibility and to discharge the duties of king, as I would wish to do, without the help and support of the woman I love.”

On December 12, his younger brother, the Duke of York, was proclaimed King George VI.

Edward was the eldest son of King George V, who became the British sovereign in 1910. As he approached his 40th birthday, he was still unmarried but was active in the London society of the day. By 1934, he had fallen deeply in love with American socialite Wallis Warfield Simpson. Unfortunately, Wallis was presently married to Ernest Simpson, an English-American businessman. Wallis, who was born in Pennsylvania had also previously married and divorced an U.S. Navy pilot. The royal family disapproved of Edward’s married mistress, but by 1936 the prince was intent on marrying Mrs. Simpson. Before he could discuss this intention with his father, King George V died, in January 1936, and Edward was proclaimed king.

The new king was popular with his subjects, and his coronation was scheduled for May 1937. His affair with Mrs. Simpson was reported in American and continental European newspapers, but due to a gentlemen’s agreement between the British press and the government, the affair was kept out of British newspapers.

On October 27, 1936, Mrs. Simpson obtained a preliminary decree of divorce, presumably with the intent of marrying the king, which precipitated a major scandal. To the Church of England and most British politicians, an American woman twice divorced was unacceptable as a prospective British queen. The only notable exception was a little-known and even less influential politician by the name of Winston Churchill. Despite the united front against him, Edward could not be dissuaded. To make his marriage more palatable, he proposed that his new wife not have any rights to royalty or property.

On December 2, Prime Minister Stanley Baldwin rejected the suggestion and the next day, the scandal broke in the British newspapers and was discussed openly in Parliament. With no resolution possible, the king renounced the throne on December 10. The next day, Parliament approved the abdication instrument, and Edward VIII’s reign came to an end.

The new king, George VI, made his older brother the Duke of Windsor. On June 3, 1937, the Duke of Windsor and (Continued on Page 15)
Seventy-nine years ago on Dec. 7, 1941 Japanese planes in a surprise attack bombed our U.S. Pacific Fleet stationed at Pearl Harbor. Here again the Coronavirus has affected the survivors of that horrific event. This past week these men and women who survived were prevented from attending the annual ceremony remembering those killed in the attack, due to the Coronavirus and health risks. The U.S.S. Arizona was in dry dock and was hit by two bombs. “It quickly sank and 1,177 Marines and Sailors went down with it. Altogether more than 2,300 U.S. troops died in the attack.” This is the reason for the Annual Remembrance Ceremony and why the survivors are saddened that they cannot return this year. It has also been closed to the public. It was live streamed instead. There was still the usual moment of silence and a flying mission in missing man formation, and a speech by the Commander of the Pacific Fleet was also given. Think of our Jewish neighbors and friends as they begin their holy day of Hanukkah Thursday, Dec. 10th at sundown, and lasts eight days. On Dec. 8th, we as Christians had the holy day of The Immaculate Conception of the Blessed Virgin Mary. December is a very religious month with Christmas only 21 days away. We are now approaching the 3rd Sunday of Advent. Remember the gift cards for the Giving Tree are due by Dec. 15th. The Arts & Crafts Club is suspended until further notice. The Blood Drive is Sunday Dec. 13th this coming Sunday from 8:00 a.m. until 5:00 p.m. in Memory of baby Erin Kuffner. Call 516-478-5023 to make an appt. Also keep in your prayers the members serving in the United States Armed Forces as of now there are 44 serving from our community. A lot to think about but you should know about. Just read about “City Traditions” and how the Coronavirus is affecting them, as follows: 1. No “Christmas Spectacular” the Radio City Rockettes. 2. No Winter’s Eve at Lincoln Center. 3. No New York Road Runners Midnight Run. 4. No sitting on Santa’s lap at Macy’s. For ice-skating at various rinks such as Rockefeller Center and Prospect Park – masks are needed and have limited capacity. 6. Holiday caroling at various places and churches will be restricted. 7. The Midnight Mass at St. Patrick’s Cathedral will be celebrated virtually. The Coronavirus epidemic has certainly changed our way of life. Mayor de Blasio has made known the importance of more testing when schools are reopened. Random testing will be required to return to in person classes. According to City Officials 20% of students and staff will be checked, and the youngest are less likely to spread the virus. Just read today “Classrooms are open once again” in elementary and pre-schools this means “at least 190,000 kids back into school” (wearing masks of course and 6 ft. apart). A federal bill to decriminalize Marijuana passed for the first time in the War on Drugs. It was passed in the Chamber of Congress. This will mean a 5% sales tax when purchased legally. It still has to get a vote in the Senate to be legal. Hopefully no problems arise since in the 15 states that it is legal there are problems in all of them. Please all you teens, pre-teens, girls, boys, young adults Don’t Do Drugs of any kind D.D.D. they are harmful to your minds and bodies and lead to the use of stronger drugs, a craving of your body and then addiction sets in. “Be careful out there” a famous saying of N.Y.P.D. Choose your friends wisely and be in control of your body and mind. Be Happy, Be Well & God Bless
Happy 50TH Birthday Kevin!
You’re the best son, brother & uncle

Love always,
Mom, John & Donna, Coleen & Patric, Kelly & Mike
Kevin, Michael, Katie, Julia, Scruffy & Buddy
such Russian program, and no one
Defense denies that there was any
opened. Regarding the Afghanistan
II vets “losers”, all of the people with
Towler doesn’t provide any examples.
Regarding Trump calling dead WW
12 years previous to this election.
Regarding Trump’s non-sympathy
Trump’s “birtherism” which occurred
his base further into black and His-
all claims to reality. Trump received
“increase the size of his base”. In
first bit of nonsense is her assertion
“bounty” story, the Department of
pened. Regarding the Afghanistan
Regarding the Afghanist “bribarism” which occurred
years to previous to this election.
Regarding Trump’s non-sympathy for Corona virus victims, Ms. Met-
doesn’t provide any examples.
Regarding Trump calling dead WW II vets “losers”, all of the people with
him at the time deny it, and there is
No named witness that it ever hap-
Regarding the Afghanist “bounty” story, the Department of Defense denies that there was any
such Russian program, and no one

has offered any proof otherwise. Regarding her diatribe on General
Flynn, that story has been destroyed
by further investigation. The agents
who interviewed him said in their
report that he was not lying. His
conversation with Kyslak was no
more illegal that Biden’s appointees
contacting any foreign government
before inauguration, which they are
doing.
Regarding the Covid crisis, Trump
did the one most positive thing he
could to end it. With $12 billion
he established Operation Warp Speed,
which produced at least THREE
vaccines which have proved highly
effective in NINE months. Bear in
mind that production of a new vac-
cine ordinarily takes FOUR years.
All of the nonsense about what he
could have done, or should have done
sooner becomes mere quibbling when
you realize that Trump’s program has
produced a CURE, not a treatment or
an alleviation.
Regarding the economic damage
caused by the State shutdowns of
local economies, the economy has
recovered at an astounding rate, 44%
in two quarters, and unemployment
is back to 6.7%.
It is obvious Ms. Mettler is wrong about almost everything, especially
about why Trump didn’t win the election,
other than the possible voting fraud. The mainstream media, in their
burning desire to defeat Trump completely
ignored the highly incriminating
Hunter Biden laptop story. It
turns out that 45% of Biden voters
had no knowledge of the laptop, or
the incriminating nature of the Emails
it contains. 17% of Biden voters have
stated that they would not have voted
for Biden if they were aware of the
story. That alone would have given
the victory to Trump. Furthermore,
the media also ignored the economic
comeback, which exceeded all predic-
tions, except Trump’s. The media also
managed to blame Trump for the ex-
tent and damages of the Covid virus,
while almost completely repressing
the news that the vaccines which
would end Covid were well on their
way to production and distribution.
Perhaps it’s only another coincidence
that the news of a successful vaccine
was announced a week AFTER the
election. There couldn’t possibly
have been a concerted effort by the
mainstream media to withhold facts
and evidence from the American
public to ensure Biden’s victory. And
the sun doesn’t rise in the East.

Sincerely,
Bob Israel

Inconvenient Facts
Dear Editor,

Recently, a reader wrote in with an
assessment of President Trump that I
think requires a response. He asserts
Mr. Trump is a successful business-
man. That would be true, but only if
going bankrupt four times is a mea-
sure of great success. He asserts that
he kept his promises, like building
the wall. True, but only if constructing
120 miles of about 1500 is fulfill-
ing a promise. And I don’t remember
seeing any check from Mexico made out
to the USA as payment, as we were
promised by Mr. Trump.

Iran, North Korea? They now pos-
sess more nuclear arms than when
Mr. Trump took office.

China? We Americans have paid
billions in increased tariffs since his
trade war started. Oh, and the US Go-
vernment gave billions in subsidies,
our money, to U.S. farmers because
China stopped buying soybeans. I
guess winning a trade war is a bit
harder than Mr. Trump expected.

Media against him? Seriously? Fox
News? Oh and just to add, he
complained that all President Obama
did was play golf. Facts are that he
has already played more golf in his
time in office than Mr. Obama did in
a full eight years.

I’m sorry to inform about inconve-
nient facts, but I believe it necessary
to set the record straight.

Sincerely,
David Roffe

Packages 4 Troops
(Continued from Page 2)

2nd and 3rd generations of Cannons packing up the supplies.

Because of New York City and State guidelines we were restricted to having no more than 10 people, all masked and socially distanced of course. We were joined by Senior & Jr. Vice Commanders Dennis Graham & Brian Duggan as well as John & Gail Molloy. Rounding out our group of 10 was Rod O’Connor who returned from his fourth tour this June and Colonel Tom Sullivan who happens to be the Brigade Commander of the unit that is receiving the packages. Tom, a four-tour veteran himself was instrumental in the selection of the shipped items and the coordination with DHL Express who has been delivering our packages free of charge since 2012.

But none of this could have been accomplished without the generosity of all the good people and organizations in the Breezy, Roxbury & Rockaway communities. Our thanks to Pat & Bernie Lunny, Maureen & Neil Wilson, Nancy Flaherty, Joan & Matt Piccione, Ginny Danaher, Janice & Paul Murphy, Helen & Brian Fitzgerald, Theresa & Gary Tully, Bunny & Timmy GaNun, Larry Fitzgerald, Peter Martino, Jane & Ed Deacy, Mary & Tom Powers, Virginia & John Powers, Noreen & Billy Goodwin, Tom Murphy, Ermine & Michael Bemnette, Marylou Foley and Nancy & Zack Cusack. If you wish to make a donation, you can still Venmo VFW BREEZY PACKAGES FOR THE TROOPS or you can mail or drop off a check (made payable to VFW Post 8540) at Kevin McCann’s house (109 Beach 207th St. Breezy Point N.Y. 11697) or Jr. Vice Commander Brian Duggan (204-03 12th Ave.) Thanks for your outstanding support!
**Over 180 Gift Bags Donated to Essential Workers**

When the pandemic hit and most of us were told to stay home, some did not have the option of staying home or working from home. Nurses, doctors, EMS, fire department, police department and health care workers were a few at top of the list. I was so happy to be part of many projects supporting these amazing workers like the Chocolate deliveries from Madelaine’s Chocolate Company, meals to the hospitals. Personal Protective Equipment deliveries, and soothing items to help ease the stress of these workers.

Later down the road, we realized there were other essential workers that may not be saving lives, but continued to support and impact our lives with food, medications, banking and items for everyday living. This is how the 150-gift bag project came to be. Our goal was to create 150 Essential Workers gift bags to give out in our community to say thank you to the workers that had to be working regardless of the spread of the virus. The list quickly grew to 181-gift bags and could have been more if we had the time and resources.

Thanks to our major sponsors including Vera Bradley and Baegaard who donated 150 gift bags to hold the gifts, Ridgewood Savings Bank for donating gift cards, Madelaine’s Chocolate Company who again donated 150 candy bags, iFLYsmart who donated 150 Healthy and Clean kits and sanitizers, Thai Rock, Rockaway Bagels, Boardwalk Bagels & Deli Liquor and Wine Warehouse of Rockaway, each of whom donated 150-gift vouchers or items. Nicole Frontera Beauty and Wellness and Pico’s Restaurant who donated gift vouchers, and Breezy Wine & Liquor. We are also very grateful to the many vendors and Breezy Point individuals and families who also donated to this amazing gift bag and were listed in the previous articles.

Thanks to Maureen Brinsmead for acquiring over 600 gift cards and vouchers, and assorted merchandise donated for the bags and coordinating the packaging & delivery. Jeanette Mulholland (for her guidance on this type of project and for the donations of Gift Cards), and Crystal both from Ridgewood Savings Bank who are so supportive of our community.

A special thanks goes out to Madelaine’s Chocolate Company. During this pandemic, and over the course of 8 months, Madelaine’s Chocolate Company has donated a ton of Chocolate... literally they have donated over 3 tons of chocolate to hospitals, nurses, doctors,

Congratuations!

Marc and Maureen Napolitano are extremely proud to announce the graduation of their daughter Lauren from the University of South Carolina with a Bachelor of Science Degree in Nursing.
Wallis Warfield married at the Château de Cande in France’s Loire Valley. For the next two years, the Duke and duchess lived primarily in France but visited other European countries, including Germany, where the duke was honored by Nazi officials in October 1937 and even met with Adolf Hitler. After the outbreak of WWII, the Duke accepted a position as a liaison officer with the French. In June 1940, France fell to the Nazis, and Edward and Wallis went to Spain. During this period, the Nazis concocted a scheme to kidnap Edward with the intention of returning him to the British throne as a puppet king. George VI, like his Prime Minister, Winston Churchill, was adamantly opposed to any peace with Nazi Germany. Unaware of the Nazi kidnapping plot, but conscious of Edward’s pre-war Nazi sympathies, Churchill hastily offered Edward the Governorship of the Bahamas in the West Indies. The Duke and Duchess set sail from Lisbon on August 1, 1940, narrowly escaping a Nazi SS team sent to seize them.

After WWII, they returned to France where they lived only returning to England for the funerals of his brother King George in 1952 and the coronation of Queen Mary in 1953. Edward died in Paris in 1972 but was buried at Frogmore, on the grounds of Windsor Castle. In 1986, Wallis died and was buried at his side.

Before we pursue a discussion on the topic of the virus it is imperative to know that where ever warranted, we all must wear a mask. Regrettably, we know that a significant number of Americans, especially those included in what is referred to as Trump’s base, once they heard his hero decry the virus a hoax or a myth perpetrated by democrats they shut off their information receptors and abandoned all information from medical experts. Nonetheless, mask wearing has been proven the only defense against contracting and passing along bacteria. We do know that a significant number of infections and deaths. We do know what choice have you got? If you all accept the vaccine. Realistically, the only way our population can live with respect to the ever-growing number of infections and deaths. We must embrace in our daily lives the notion that we can never get back to pre-Corona normalcy without vaccines. So, skeptics you may be vaccine-wise at first reality dictates injecting the entire world is the only path to pre-Corona lifestyle. That a substantial segment of the American public is stubborn is a fact. Many of us accustomed to socializing at bars are fighting tooth and nail to defend and retain the old lifestyle despite the highly contagious nature of the virus in confined areas. Many college students who are learning virtually love the beach; and are seeking fun, sun and sand at beaches in Florida and Southern California. Parents must insist in delayed upon delayed vacation gratification until the epidemic is under control? Must the return home of vacationing co-eds where everyone of them is a potential carrier sow virus seeds nationwide?

At this moment we know there are Three Pharma companies that have developed a vaccine for Covid 19 in record time; Pfizer, Moderna and Johnson & Johnson. What do we know about these vaccines? We know all three are better than 95% effective. We know that Pfizer and Moderna are a two dose course while J&J only requires one. We know that all three report no side effects. We know there will be 20,000,000 injections available soon which amount to half of a 2 course remedy. We do know we will not have a choice of vaccines. We do know to stay healthy and protect those around us, we need to continue to wear masks, distance and sanitize until further notice.

What we don’t know about the vaccines is much more than we do know. We don’t know the duration of effectiveness of each vaccine. We don’t know when or how the injections will be disseminated. We don’t know what slice of society will be shot where and when. We don’t know how to discern those who have been shot from those who haven’t been.

What we have been told is first responders will be first vaccinated, inarguably the correct strategy. What’s next is a door to door campaign much like the census. Assuming the vaccine is loaded into air guns shot into the arms of recipients, multiple teams of two, a shooter and a scribe (to keep records of those shot) should be sent into communities on each block in cities. Those inside are informed through public service announcements to don a mask and step outside to receive their vaccination. Upon completion, tenants, landlords or homeowners must sign and date a census like paper that acknowledges their participation. The team then moves on. This is the healthiest, quickest, safest and most accountable way for getting the vaccine to the public, especially the elderly and handicapped. This strategy will not work in rural areas where houses could be miles apart. For that, places of worship are most probably the best vaccination locations.

Those members of the public who are anti-vaccine, admittedly I was one of them. However through multiple processes of analyzing the vaccination process and intent, I concluded the only way our population can live in safety and security is when we all accept the vaccine. Realistically, what choice have you got? If you ever thought about resuming your fun, sun and sand at beaches in Florida and Southern California. Parents must insist in delayed upon delayed vacation gratification until the epidemic is under control? Must the return home of vacationing co-eds where everyone of them is a potential carrier sow virus seeds nationwide?

BIBLE VERSE FOR THE WEEK

Isaiah 9:6: “For to us a child is born, to us a son is given; and the government shall be upon his shoulder, and his name shall be called Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace.”

ADULT BIBLE STUDY
THURSDAY EVENING, 7:00 – 8:30 PM. This coming Thursday, December 17: “A Survey of Church History Part 2 – (500 to 1500 AD),” by W. Robert Godfrey. Beginners through Scholars, All are welcome!

ADVENT DEVOTIONAL SERIES
During the four Sundays in Advent our Services will include Advent devotions based on Luke’s Gospel, chapters 1 and 2, and adapted from the book “Repeat the Sounding Joy” by Christopher Ash. The titles for this Sundays devotions are: “An Ancient Promise Remembered,” “Light in the Darkness,” “The Shadow of the Cross,” “Victory in Weakness,” “Glory and Peace,” and “Treasuring and Pondering.” Each devotion will be followed by a seasonal hymn. Please consider worshipping with us during this sacred and joyous time of year!

SERMON RE-CAP
The Reverend Jeffrey Ludwig was our guest preacher. His sermon was titled, “Walk by the Spirit.” His Bible text was Numbers 11:16-17 – “Then the Lord said to Moses, “Gather for me seventy men of the elders of Israel, whom you know to be the elders of the people and officers over them, and bring them to the tent of meeting, and let them take their stand there with you. And I will come down and talk with you there. And I will take some of the Spirit that is on you and put it on them, and they shall bear the burden of the people with you, so that you may not bear it yourself alone.”

The third person of the Trinity, the Holy Spirit is found throughout the Bible. He hovers over the waters in the creation story in Genesis 1:2, is mentioned in Revelation 22:17, and is found everywhere in between. Moses, God’s chosen prophet to lead the Israelites out of bondage in Egypt, through the wilderness, and into the Promised Land, has the Spirit of God upon him. However, he is finding it next to impossible to lead the Israelites. God has rescued them out of slavery in Egypt, He miraculously parted the Red Sea so they could safely flee from Pharaoh and his army, now He’s been feeding them with manna from heaven and they are complaining, “kvetching” in Yiddish. Moses can’t take it and God is pretty angry too! God tells Moses to gather 70 elders from all the tribes and God will take some of the Spirit that is on Moses and place it on the seventy elders. These elders with the power of the Spirit will help Moses. The people think they had it better in Egypt and start craving meat. Moses prays and God tells Moses to give the people the meat they are craving. Moses reminds God there are 600,000 people and where will I get this meat? God says to Moses, “Is the hand of the Lord shortened?” (Numbers 11:23) God is saying to Moses that nothing is impossible with God. God sent enough quail to feed them for an entire month. However the bible tells us that while the quail was still between their teeth, God sent a plague which killed many of the Israelites. The lesson here is to trust God through everything. He always knows what is best. We need to have faith to trust and obey. This bread from heaven, sent to fully sustain God’s people, was a foreshadowing of Jesus, the true Bread from heaven. John 6:27 says, “Do not work for the food that perishes, but for the food that endures to eternal life, which the Son of Man will give to you.” And John 6:35 says, “I am the bread of life; whoever comes to me shall (Continued on Page 19)
Kathleen Joyce

September 7, 1944 - December 3, 2020

Kathleen passed peacefully into eternal life, surrounded by love, prayers and a roomful of her immediate family.

Kathleen was a fulltime resident of Breezy Point in the Rockaways, NY for the past two years, and a summer resident there for the previous 20 years. She was also a 46 year resident of the Riverdale section of the Bronx. She was a proud native of the town of Ballaghaderreen, in the county of Roscommon, Ireland.

Kathleen is survived by her husband, Patrick Joyce. She is also survived by her daughters Debbie (Shamus), Jules (Matty) and Katie (Lenny); sons Marty (Kristin), Peter (Dawn) and preceded in death by Pat (Tara); survived by nineteen adoring grandchildren; survived by sister Teresa and preceded in death by Paddy, Rose, Bess, Haulie, Patsy, Attracta and John.

Funeral Arrangements have been entrusted to The Riverdale-On-Hudson Funeral Home in the Riverdale section of the Bronx.

Terence L. Harvey

Terence Leo Harvey passed away at age 68 in Hallandale, Florida recently. He was predeceased by his loving parents Edward P. Harvey Sr. and Joan Ann Harvey.

The Harvey family lived on Suffolk Walk for more than 50 years. Terry so enjoyed his years growing up on the Point playing ball and catching waves at the beach. He was a Breezy lifeguard for several summers. His many friends here fondly remember his great smile, and all the fun times we had together over the years.

Terry is survived by his wife Claudia and his siblings, Diane, Jeanne, Eddie, Patricia and Kathleen all of whom love and dearly miss him. We know he is at peace with the angels. His family and friends will always deeply cherish his memory.

Christ Community

(Continued from Page 18)

not hunger, and whoever believes in me shall never thirst.” Finally, let us never take for granted the power of the Holy Spirit that, through Jesus Christ, is now available to all who believe! AMEN!

Addabbo’s Offices Act As Drop Off Location For Food Pantry And Winter Coat Drive With P.S. 229

In order to help families in need this holiday season, State Senator Joseph P. Addabbo, Jr.’s Howard Beach and Middle Village offices will be drop off locations for a food pantry and winter coat drive in conjunction with P.S. 229.

From now until Monday, December 14, Addabbo’s offices will be collecting gently used winter coats, gloves, scarfs, boots, any non-perishable food items. On December 14, all the items donated will be brought to P.S. 229 in Woodside to be distributed to local families in need.

“During the holiday season it is important to remember those in our communities that are struggling —

Holy Mackerel
(Continued from Page 17)

pre-Corona lifestyle the taking the injection(s) is the only path to ‘nor-
malcy.’ The only way to even think about air or sea travel, attending a thea-
ter, concert or sports event or fre-
quenting your favorite bar or restaur-
ant is if everyone gets shot. Holdouts are merely hurting themselves as the virus will still be spreadable. Shoot me now or shoot me later; but, like it or not we will all get shot. The only question for the time being how can we tell who has been inoculated?

Perhaps a button with a scanable code connected to a data base is given to each person vaccinated. The button must be visible, worn whenever the individual goes out in public. Scan-
ers will be posted at doorways, on elevators, in offices and at schools to screen the public. This will give Americans confidence to socialize and return to a livable lifestyle. Vaccine skepticism is healthy. But, future socializing demands Corona inoculations. Was there ever a time when you’d thought you’d beg some-
one to shoot you? The answer is yes. And that time is now.

Pheffer Amato Partners with Rockaway Leaders Alliance to Launch “She Should Run” Essay Contest

Assemblywoman Stacey Pheffer Amato announced that she is partnering with the Rockaway Leaders Alliance (RLA), a collection of public school leaders on the Rockaway Peninsula, to launch an essay contest inspired by the Barbie’s ‘She Should Run’ Campaign Team set of dolls. This set presents Barbie with new career opportunities as a candidate, campaign manager, fundraiser, and voter. The essay contest asks students to submit 500-500 words answering the question, “If you had political power to change a law or create a new one, what law would it be and why?” The contest, open to 4th and 5th Graders at participating public schools, will run through December 18th. The winners of the contest will receive one set of the She Should Run Barbie Campaign Team, donated to the contest by Assemblywoman Stacey Pheffer Amato.

“I was so excited when I saw this set! Finally, these toys recognize that our young girls aspire to break through barriers and become future leaders,” Pheffer Amato said. “This groundbreak-
ing collection by Barbie and She Should Run presented a perfect opportunity to work with the Rockaway Leaders Alliance to engage our students in a meaningful way. We’re asking them what they think and letting them know that their voices matter — you never know, maybe my next new bill will come from one of these essays!”

“I am so excited to participate in the She Should Run Essay Contest,” Phoebe Robinson, Principal of PS 25Q and Founder of the Rockaway Leaders Alliance said. “This is an exciting opportunity for our students to not only see what diverse representation looks like in a political campaign, but to research, learn about an issue im-
portant to them, formulate an opinion and have their voices heard. I want to thank Assemblywoman Pheffer Amato for making this opportunity available, and I look forward to seeing some of the submissions!”

According to the Barbie website, “Barbie has teamed up with She Should Run to encourage girls to use their voices to advocate for what matters to them while equipping them with tools to help them get involved and effect change.”

Wishing Everyone The Best Holiday Season.

Merry Christmas, Happy Chanukah and a Healthy New Year.

Mary Sherlach Sandy Hook Memorial Service

Please join us in remembering Mary and all those effected by the Sandy Hook tragedy on Monday, December 14th at 4:00 pm for a short memorial service at the park located on the east end of Roxbury. Social distancing protocols will be followed. We are asking all those in attendance to please remain 6 feet apart and wear a mask.

Santa Drive By And Family Virtual Radio Bingo Great Success!

On Friday, December 4th approximately 30 cars participated in our COVID safe SANTA DRIVE BY! 75 bags of goodies were distributed to the children along with a special visit from Santa himself. Santa patiently visited with each child, heard their wishes and made note of their requests on his special list! Pictures are available on our website for your viewing pleasure. To finish off the festivities of the evening, DJs @ Work, sponsored by the Youth Committee treated over 70 families to Virtual Radio Bingo. About 150 bingo cards were in play and by the sights of the ZOOM room many children enjoyed the event. It was great to see so many of the children dancing and singing and getting into the holiday spirit! If you missed us this time, be sure to register next time around. We will be doing another after the holiday! Merry Christmas!

Breezy Cares Christmas Dinner Drive: Merry Christmas!

Our Thanksgiving Drive was so successful we thought we would continue to spread the joy throughout the Christmas season. While we do have some donations remaining from our Thanksgiving project, it will not be enough to cover Christmas. With COVID19 cases still on the rise, Christmas will be different for many this year. Gatherings will be smaller and many of our older residents may be alone. The Breezy Point Cooperative will once again be partnering with The Chef’s Table to provide pre-packaged meals to those in need, seniors or homebound shareholders for Christmas.

Meals will be delivered Christmas Eve morning. More details regarding cost and menu will follow. Our goal is to make sure our residents who need are treated to a wonderful Christmas dinner this year. If you are a resident who would like to be put on the list to receive a meal, please register by calling Theresa Flanigan at 718-945-2300 X8673 or via email at tflanigan@breezypointcoop.org. If you would like to help fund this project, please contact Theresa Flanigan or drop cash or check made payable to Breezy Point Cooperative, in an envelope labeled Christmas Dinner, in the Cooperative Office mailbox. Feel free to send a note to be included with your meal with some friendly Christmas wishes. Lastly, we will be looking for volunteers to help deliver meals. If you are interested in assisting, please contact Theresa Flanigan. Deadline for all submissions will be Friday, December 18th.

Cause We Need A Little Christmas!

Best Decorated Home Contest is underway. Votes are being cast as we speak - take advantage of the warmer temperatures and check out the lights! Addresses of the homes registered are now posted on our website and we are encouraging everyone to get some fresh air and view the displays at their leisure. Shareholders can vote for their favorite home by emailing Theresa Flanigan at tflanigan@breezypointcoop.org until Sunday, December 20th (extended time for all to view each home). Winners will be posted on our website and will also be featured in the RP News. What an awesome way to kick off the Christmas season!

CHRISTMAS DOO WOP EVENT

Presented by the Adult Activities Committee – featuring Jersey Jukebox and streamed via Moore PA Hire Production Company - available for your viewing pleasure starting today on the BP Coop website. Log in to breezypointcoop.org - click info - photos and videos - videos to access the show! Grab some friends, mix up your favorite cocktail and get ready to enjoy some fantastic entertainment.

NY Cares Coat Drive

BP CO-OP Cares Event

Thank you to all who have donated thus far. This year BP CO-OP will be partnering with New York Cares in a Virtual Community Coat Drive. Since 1988, New York Cares has distributed more than two million coats to those in need. This year, more than ever, they need our help. What a great opportunity to pay it forward. If each family can donate $20.00, that will provide so many with a warm winter coat this year! Let’s embrace the season of giving and help make this Coat Drive a huge success! May this year be the year that no one is left out in the cold! Donations can be made by using the following link: https://coatdrive2020.fundraise.org/.../breezy-point...
